INTERGOVERNMENTAL AGREEMENT COUNTY CAPACITY

THIS AGREEMENT is entered into the [] day of June, 2013, by and between the GEORGIA DEPARTMENT OF CORRECTIONS, an agency of the State of Georgia (hereinafter referred to as the "Department"), and AUGUSTA/RICHMOND COUNTY, a political subdivision of the State of Georgia (the "County"), acting by and through its Board of County Commissioners, referred to as "party" or jointly as "parties."

WHEREAS, the Department desires to obtain appropriate care and custody of State offenders; and

WHEREAS, the County desires to provide appropriate care and custody of State offenders at a correctional institution operated by the County.

NOW, THEREFORE, in consideration of these premises and the mutual promises and agreements hereinafter set forth, the parties hereby agree as follows:

1. Care and Custody. The County agrees to provide complete care and custody of up to 215 State offenders daily, for the term of this Agreement and in accordance with State and federal constitutions and with all applicable laws, rules, regulations and orders of State, federal and local governments. Without limitation to the generality of the foregoing, the County specifically agrees that no State offender labor shall benefit private persons or corporations.

2. Recording Offender Movement in SCRIBE. County must enter any and all movement of State offenders transferred in and out of the County facility by recording the movement in the Department's SCRIBE system on the same day the movement occurs. Movements that are not entered in SCRIBE on the day the movement occurs will not show as an adjustment and result in an inaccurate daily count. County is solely responsible for implementing procedures to ensure that SCRIBE entries are entered accurately and in a timely manner. County is responsible for verifying the offender count and all movements in and out of the County facility in SCRIBE on a daily basis to ensure that the count is accurate. County understands that the count reflected in SCRIBE is the official count for purposes of calculating payment under this Agreement. Late documentation, lack of documentation, or inaccurate documentation may result in delayed payment or non-payment under this Agreement. The County must grant the Department access to the County's records, documentation procedure, and personnel for purposes of auditing SCRIBE entries and verifying offender count at any time upon the Department's request.

3. Notification of Medical Treatment. The County shall notify the Department of any state offender that the County transfers to a hospital for treatment that will require an overnight stay or

that will require treatment that is likely to cost in excess of One Thousand Dollars (\$1,000.00). Said notification shall be provided via telephone contact within Twenty-Four (24) hours of the offender being admitted for treatment on an outpatient or inpatient basis. County shall notify the Department pursuant to this paragraph by calling the Department's "On Call Utilization Management Nurse" at 404-863-3079 at any time of day or night.

4. Compensation. The Department agrees to pay the County the sum of Twenty Dollars (\$20.00) per State offender per day for the duration of this Agreement. The County agrees to invoice the Department monthly, in compliance with all billing procedures established by the Department. The Department shall endeavor to pay the County for its care and custody services within Forty-Five (45) days of invoice receipt in approved form. The County acknowledges and agrees that the Commissioner of Corrections shall have sole authority with respect to the transfer of State offenders to and from the County Correctional Institution, and the Department shall not incur charges for offenders not under the care and custody of the County. An offender is not under the care and custody of the County when an offender is not housed at the County facility including when an offender is out to court or sent to a Department facility for medical or mental health evaluation.

5. Term of Agreement. This Agreement shall be effective as of July 1, 2013 and shall continue in force and effect until 11:59 p.m. on June 30, 2014. The parties may, by mutual agreement in writing, extend the effectiveness of this Agreement for additional time periods.

6. Termination for Convenience. The Department may at any time and for any reason terminate this Agreement by providing written notice in advance of such termination to the County. In the event of termination under this paragraph, the Department shall pay the County for Services that have been fully and faithfully performed prior to the effective date of termination; provided, however, that payments otherwise due the County may be applied by the Department against amounts due or claimed to be due the Department and, in addition, if termination is for cause, payments may be withheld by the Department on account of the Services being deemed deficient and not remedied by the County prior to the effective date of termination. County shall be liable to the Department for any additional cost incurred by the Department as a result of deficiencies in the Services to be provided hereunder.

7. Prison Rape Elimination Act. County agrees to assist the Department in complying with standards articulated under 28 C.F.R. 115, entitled the Prison Rape Elimination Act, by submitting to a background check and agreeing not to sexually abuse or harass any offenders. County agrees to undergo training, as the Department sees fit, regarding the Department's zero-tolerance policy for sexual abuse and sexual harassment and County agrees to document that County understands such training. County agrees to inform Department of any knowledge, suspicion, or information regarding the occurrence of sexual abuse or harassment in its facility. County agrees to keep all information about sexual abuse or sexual harassment, other than such information as is required to

report the incident, completely confidential. County acknowledges that failure to maintain the standards articulated in this paragraph is considered a material breach of this Agreement and is grounds for termination of this Agreement.

8. Notices. Any notice under this Agreement, other than those referenced in Paragraph 2, "Notification of Medical Treatment," shall be deemed duly given if delivered by hand (against receipt) or if sent by registered or certified mail -- return receipt requested, to a party hereto at the address set forth below or to such other address as the parties may designate by notice from time to time in accordance with this Agreement.

- a. Department agrees to reimburse County for certain costs of direct medical services required for emergency medical conditions posing an immediate threat to life or limb if a state offender cannot be placed in a state institution for the receipt of this care; provided, however, that the Department's obligation arises only when the cost per offender per incident exceeds One Thousand Dollars (\$1,000.00), and Department shall only be liable for the amount in excess of One Thousand Dollars (\$1,000.00),

subject to the following subsections and other applicable laws and regulations.

- b. County agrees to invoice Department monthly for the actual cost of medical services paid by the County. If there existed any rate agreement between County and the hospital or hospital authority at the time the services were rendered, the invoice must reflect such rate. All invoices from County must include an invoice or receipt from the hospital that clearly shows the actual cost of medical services paid by County.
- c. Department is not liable to County for any late fees or charges or any kind of assessment imposed by the hospital or hospital authority (collectively, "Late Fees") for late or nonpayment by the County. County agrees to exclude late fees from its invoices to Department.
- d. If Department reasonably determines that there is a difference between the actual cost incurred by County and the invoice sent to Department, Department may assess an administrative fee of one-half (1/2) of the difference to cover the administrative costs incurred by the Department. Department shall send County written notice of any administrative fees, and County shall have Thirty (30) days to make payment or to dispute the fee in writing. If County does not make payment of undisputed administrative fees by the due date, Department is entitled to a setoff of the same amount against future payments owing to County.
- e. Pursuant to HB 464 of 2009 (Act 48), O.C.G.A. § 42-5-2(c), Department shall reimburse County no more than the applicable Georgia Medicaid Rate for emergency services provided to a state offender by a hospital authority or hospital which is not a party to a contract with the Department or its agents on July 1, 2009. Department shall not be liable to County for any amount paid by County to a hospital or hospital authority over the Medicaid rate for emergency services provided to a state offender.

10. Entire Agreement. This Agreement constitutes the entire agreement and understanding between the parties hereto and replaces, cancels and supersedes any prior agreements and understandings relating to the subject matter hereof; and all prior representations, agreements, understandings and undertakings between the parties hereto with respect to the subject matter hereof are merged herein.

11. Sole Benefit. The Department and the County enter into this Agreement for their sole benefit. The Department and the County do not intend to give any rights pursuant to this Agreement to any other parties that are not signatories to this Agreement.

12. Amendment. The parties recognize and agree that it may be necessary or convenient for the parties to amend this Agreement so as to provide for the orderly implementation of all of the undertakings described herein, and the parties agree to cooperate fully in connection with such amendments if and as necessary. However, no change, modification or amendment to this Agreement shall be effective unless the same is reduced to writing and signed by the parties hereto.

13. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be an original but all of which shall constitute one agreement. No party shall be bound by this Agreement until all parties have executed it.

IN WITNESS WHEREOF, the parties have caused the authorized representatives of each to execute this Agreement on the day and year first above written.

Replacement of Obsolete Technology Equipment**

Department: Information Technology Department

Caption: Approve the replacement of obsolete technology equipment (desktops, laptops, servers, scanners and printers, etc.) that has reached their end of life cycle and purchase any required computer software upgrades.

Background: In an effort to provide the employees of Augusta Richmond County with current technology, the Information Technology Department (IT) schedules replacement of EOL (end of life) devices that, due to their age and capabilities, are not compatible with current standards and are unable to support the current software requirements. Information Technology has developed an IT Technology Replacement plan that replaces obsolete computers every 4 - 5 years and printers every 5-6 years, the normal life expectancy for the equipment. The replacement of desktops will consist of all computers that are not capable of operating the current software needs and the scheduled printers, laptops, servers, and scanners. Information Technology is also continuing with the standardization of current operating systems and Microsoft Office products throughout the organization. Therefore, required computer software upgrades may need to be purchased for the computers that are not scheduled to be replaced. All technology equipment removed from production will be disposed of in accordance with technology disposal policy. Qualified equipment such as functional PC's that meet a determined specification will be sold in the Employee Lottery, and all other functional equipment will be taken to Fleet for sale in the county auction process. All data will be erased from any device accordingly.

Analysis: Currently there are estimated 1800 computers deployed by the city. The life expectancy of a computer is 4-5 years. In some cases, these computers, servers and printers are incapable of processing the software required by today's business environment. We have determined that's some Hewlett Packard printer models over 7 years old are not capable of printer documents of acceptable quality. There are also laptops in inventory that are over 6 years old and will not run current software packages. These items will be purchased from state contract(99999-SPD-

Cover Memo

T20120702-0003)and/or the required procurement process. Other options were reviewed for the most cost effective solution, to include leasing, and this was found to be the best cost solution.

Financial Impact:

The total estimated cost for the technology replacements is \$470,000. Funds for these replacements are included in the Information Technology 2013 Capital Budget.

Alternatives:

Leave existing devices in place. However, this will increase the cost of replacements in future budgets and will affect other technology related implementations. Increasing the city's exposure to the risk of supporting and maintaining this out-of-date equipment another year could result in unpredictable outcomes.

Recommendation:

Approve the replacement of obsolete technology equipment (laptops, computers, servers, printers, scanners, switches, routers, and other telecommunication devices) and purchase of any required computer software upgrades.

ORDINANCE NO. _____

AN ORDINANCE TO AMEND THE AUGUSTA, GEORGIA CODE TITLE FOUR, CHAPTER ONE, ARTICLE TWO, SECTION(S) 4-1-35 THRU 4-1-50 RESERVED SECTION; TO CREATE NEW SECTION 4-1-35 “ANIMALS IN VEHICLES”, PROHIBITING THE CONFINEMENT OF ANIMALS IN ENCLOSED VEHICLES WITHOUT ADEQUATE VENTILATION DURING PERIODS OF EXTREME TEMPERATURES; TO PROHIBIT CERTAIN BEHAVIOR THAT CONSTITUTES ANIMAL CRUELTY; AUTHORIZING PUBLIC SAFETY OFFICERS TO SEIZE SUCH ANIMALS; TO REPEAL ALL CODE SECTIONS AND ORDINANCES AND PARTS OF CODE SECTIONS AND ORDINANCES IN CONFLICT HEREWITH; TO PROVIDE AN EFFECTIVE DATE AND FOR THE OTHER PURPOSES PROVIDED HEREIN.

WHEREAS, Augusta, Georgia has a significant interest in encouraging responsible pet ownership; and

WHEREAS, Every year, dozens of dogs, cats and other animals die tragically due to heat stroke after being left unattended in cars, trucks and vans. WHEREAS, Owners of these animals usually do not intend to place their pet at risk and do not understand how quickly the internal temperature of an enclosed vehicle can rise. However, the owner is responsible for well being and safety of their animal. Pet owners should follow the same rules of thumb as parents of young children and not leave them unattended in enclosed vehicles; and

WHEREAS, Augusta, Georgia declares that it is the policy in Augusta, Georgia that dogs and cats should never be left unattended in vehicles for more than five minutes under any circumstances that would endanger the animals health, safety, or welfare; and

Caption: Motion to approve ordinance to protect the children of Augusta, Georgia by prohibiting operators and adult passengers of motor vehicles from leaving the vehicle with an unattended child inside.

Background: Augusta, Georgia finds that leaving a young child unattended in a car can too often have tragic consequences, either because the child suffers from exposure to excessive heat or cold, is injured or kidnapped when the car is stolen, or releases the emergency brake, inadvertently starts the car, or puts the car in gear. Although the State of Georgia has criminal laws that can be used to sanction this behavior when injury or death results, it will be too late for the child in that case. Augusta, Georgia needs a way to deter this conduct when the child is not injured or killed, but before the ultimate tragedy happens.
